Infinite Care Announces Acquisition of 3 Facilities from CHL Group in NSW

Infinite Care is excited to announce that it has acquired three (3) residential aged care homes from the Christadelphian Homes Limited (CHL) as of 30 June 2022. Infinite Care's existing portfolio comprises eleven (11) residential aged care homes located in South Australia and Queensland. This will grow the Infinite portfolio to now cater for over 1300 residents in our homes. Infinite Care has extensive experience in the continuously evolving and complex aged care environment. Infinite Care's head office is in Bundall, on the Gold Coast.

The acquisition marks an exciting evolution for the Infinite Care business as it expands its national footprint and entry into New South Wales. The business change will enable continued growth for the Infinite Care brand and further continuous improvement in the delivery of high standards of clinical care to residents in the Padstow and Central Coast regions of NSW. This acquisition enables Infinite Care to continue to grow and to achieve its strategy of becoming a predominant player and provider of choice and innovation in the aged care sector.

Infinite Care will continue to provide employment to over 350 staff including full time, part time and casual staff positions in the local communities in which these facilities operate. As an employer, Infinite Care has a philosophy to 'hire for heart'. We want to ensure that our team are aligned to our values and that they are happy at work every single day. A happy and engaged team delivers the highest levels of care, and creates a fun, happy and enriching environment for our residents.

Infinite Care's Founder and Joint Managing Director, Chris Stride, says, *"With a long history and experience providing residential aged care we have learnt that providing our employees with a supportive, positive and highly collaborative environment translates to a high quality of care for our residents."*

Infinite Care continue to pursue their goal to become an employer of choice in the aged care sector, where they value their employees and provide job flexibility, a supportive leadership structure, and ample opportunity for ongoing development.

The acquisition provides yet another exciting step in the growth story of Infinite Care as it continues to expand its footprint into new markets across Australia to help cater for the increased demand for residential aged care beds due to the nations ageing population.
